Is it morning?

Good old study hall!

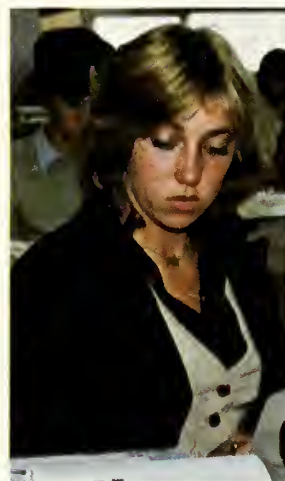

The Boston Strangler!!

Me and my shadow . . .

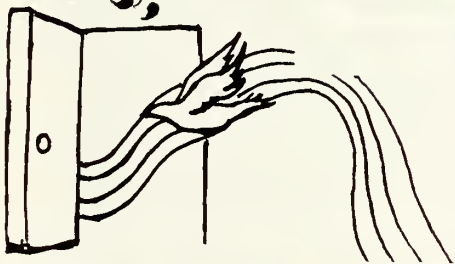

Things take time . . .

Do you get  
what your  
hoping for,  
when you look  
behind you  
there's no open  
door ~  
What are you  
hoping for ~  
Do you  
know?

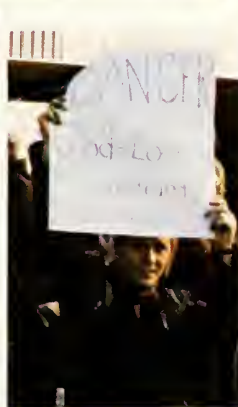

Wild horses couldn't  
drag me away . . .

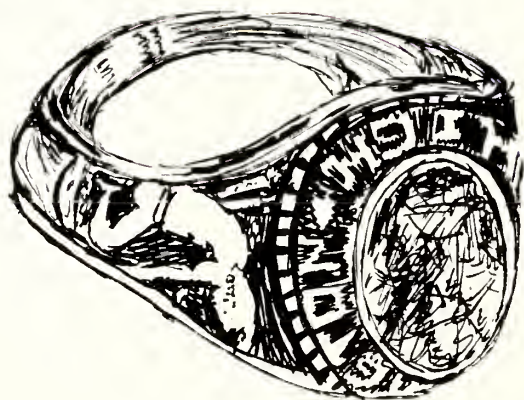

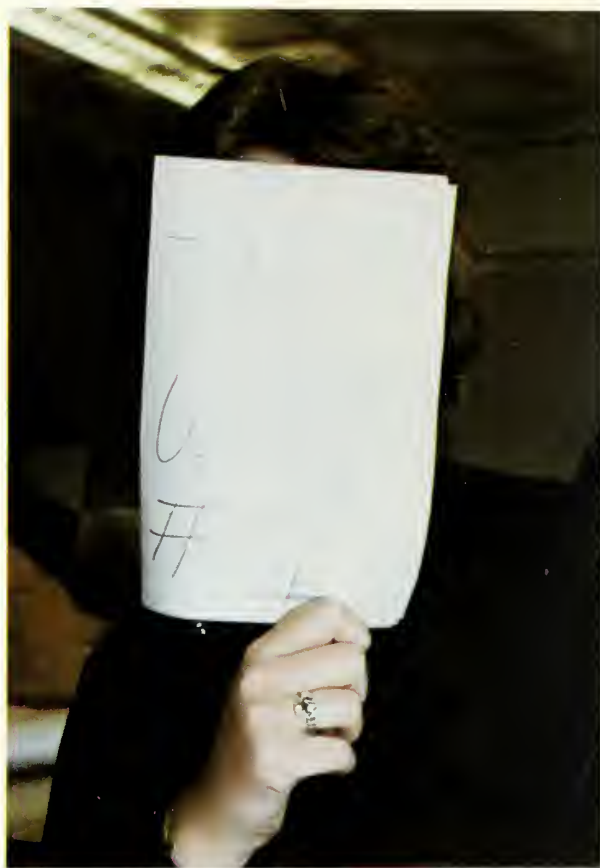

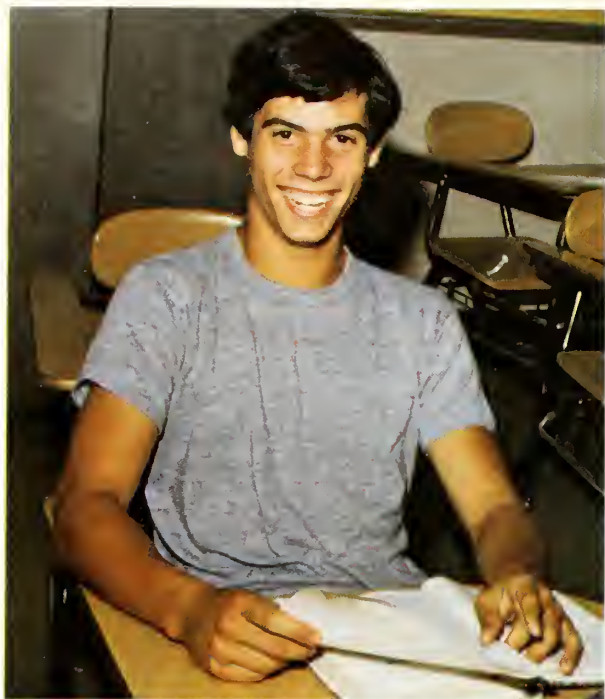

Ain't Life A Party?

GIVE ME A SAD FACE!!!

Open your mind and say "uh"

Caution: Human Beings . . .

The path we have walked, oh it seems so long  
 Will soon be pulled out from beneath us and it will be gone.  
 But before this path disappears we will never forget  
 The good times, the parties, and the people we have met.  
 Friends are forever as many of us say  
 But unfortunately, so many friends come and go as they may.  
 The worst part I guess are the changes that we see  
 People and places are changing left and right as it may be.  
 Everything is said to turn out for the better although sometimes it  
 doesn't seem that way.  
 As we go through life we shall see if the truth is in what they say.  
 A.H.S. has brought many things to each of us  
 The education, the experience, and the help may seem like just a  
 rush.  
 But we will all look back at the days so easy going and fun  
 For the times won't be forgotten by anyone.  
 So goodbye A.H.S. we will miss you together and all  
 Thanks for everything for with you behind us we will never fall.

Chris Donnelly

When we came back to school to start our senior year there were a lot of changes. Our school was being destroyed; the set-up of our school was completely changed, and our freedom had been shortened; but there was something very important that we all noticed — a new face. This new face was our new headmaster, Mr. Thomas Reis. This man had been chosen to reform the students and our school into being an organized community. Some agreed with him on his new ideas and opinions, some didn't. Mr. Reis although new among the students, didn't give up hope. He tried to give the students as much as he could without bending too far.

Mr. Reis became very involved with student activities. Student Council became a regular part of his agenda where he hoped he could communicate with the students more. He has shown us his fairness and interest in student life. Although he was faced with some major inconveniences in his first year at Arlington High School, we hope he has seen AHS for its good points, hopefully overpowering the bad. We, the class of 1980 would like to thank you, Mr. Reis, for doing the best you could for making our last year the best for us.

Sincerely,  
The Senior Class of 1980

# IN MEMORY OF DANNY JONES

There's a reason for all that rhymes,  
it's the fact and the way of the times  
It's moving emotion, it's high and it's  
low, no matter where you go  
There is something for all who look,  
there's a story in every book  
All of the pages, between all the lines,  
so much that you can find

But there's too many empty lives  
my friend  
And we just can't let them waste away  
For this life is a precious thing my friend  
And we just can't wait another day

There's a message in every word, and  
it's more than the word you heard  
It's moving emotion, it comes like  
a sea, washing all over me

For there's nothing that we can't do  
my friend, cause the spirit is with  
us all  
And it's here and it's now, it's up and  
it's down  
You can feel it surrounding us all

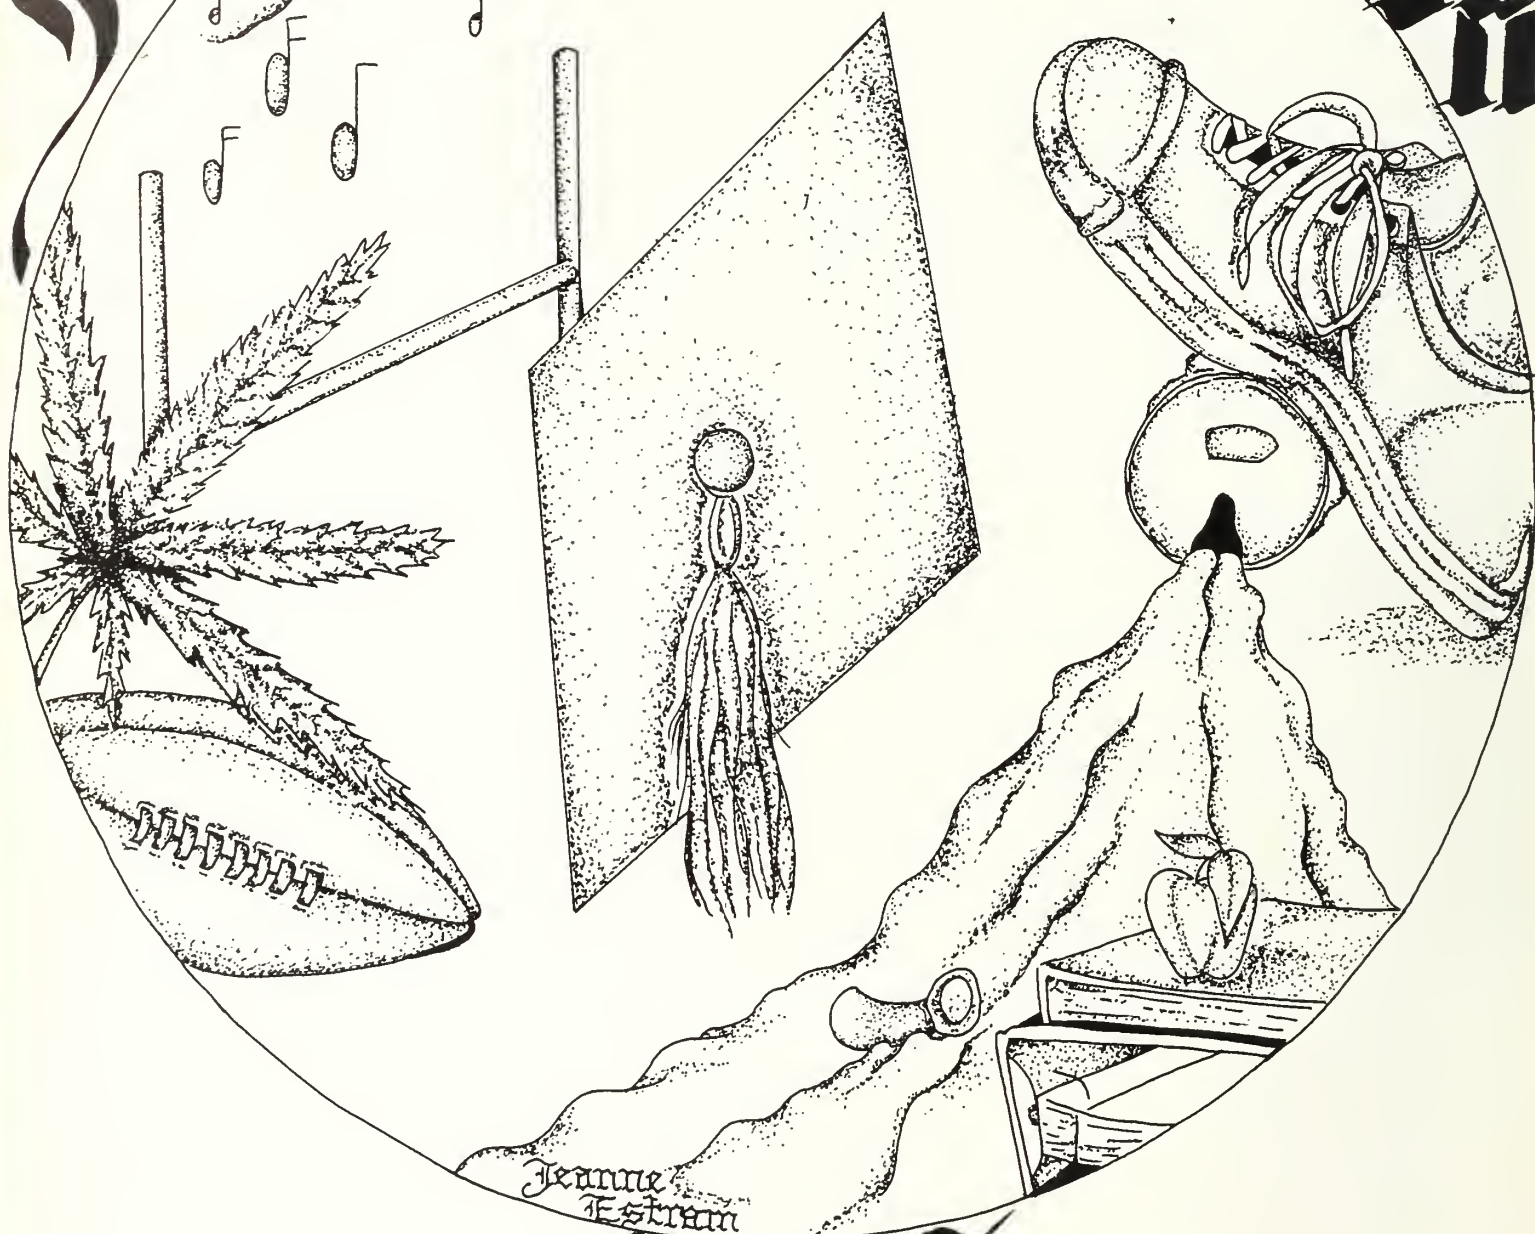

After all we're all the same, only  
differences is a name and where we are  
In this crazy mixed up deal, there's so  
many things to feel  
Near and far it's where you are

And there's times when I can't contain  
all the feelings of love I'll gain  
It's there for the asking, it's for all of  
you if you would take it too

Asha and I used to come to school very early every morning and the first thing we used to do was to see Mr. Clough and ask him questions on Physics and he always answered them . . . Mr. Clough is a very good teacher and kind of fun . . . Best wishes to Mr. Clough.

### MEMORIES

A little help from my friends was all I needed to get by  
Money can't buy you love  
For life is a rock and roll fantasy  
Just like yesterday we won't get fooled again  
And we haven't cried, it's only a teenage wasteland  
My generation will be the ones to miss you  
For life is a stairway to heaven  
Ain't that a shame time is movin on  
But it's not a one way street  
Remember there ain't nothing but a houseparty  
For the song remains the same  
Let the good times roll . . .

### THE MEANING OF SCHOOL

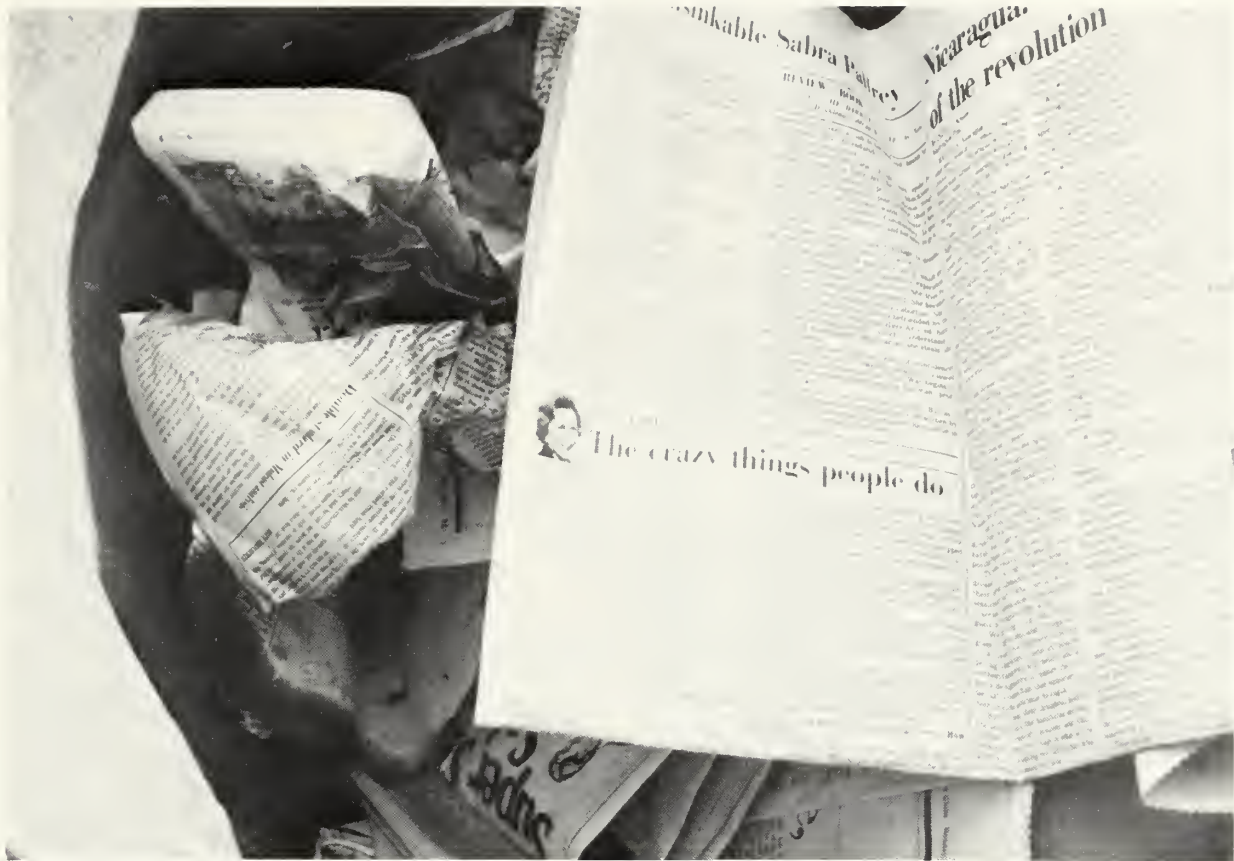

Four long years flash by in a moment, a new beginning to be reckoned with. The temerity of the future does not hold me back. I press on, fearful of my footsteps in the dark passage of life. But my mind befriends me and accompanies me onward. I am no longer afraid, for these years of learning have taught me something of priceless value; leaving all my school friends has shown me there is still one friend who will never leave me and who gives meaning to life. This friend is myself.

#### DREAMS

The clouds we see are both far and near  
Letting us live in a fantasy world from everywhere.  
Everyone's eyes tell them of different things  
their minds are drifting seeing only diamonds and rings.  
The stairway to our dreams is open with a door  
For all that we need is creativity and an imaginable floor.

— Chris Donnelly

On behalf of Karen and me, I would sincerely like to thank all who have given their time and effort on this yearbook. I know it has been difficult for everyone this year. I have found it to be a very trying year. I'm sorry if you don't like what was done with it; it was our best. I'd also like to thank Mr. Gordon for putting up with me and Guy Garon for being so understanding. GOOD LUCK EVERYONE IN EVERYTHING YOU DO!!!!

P.S.: I would never have made it through the year without Bubs right there with me. Thanks. I love you.

I salute and congratulate you, the senior class, for your school leadership in the acceptance of the many hardships that had to be endured during this construction year.

When you returned this fall, you probably felt that Coppala's "Apocalypse Now," was cast in the wrong setting. With the jack-hammers rattling, the pile drivers shaking the building, choking dust, obnoxious ordors, you were put right in the front lines. However, through your efforts, you overcame all these hardships and proceeded to make your senior year a successful one, both academically and socially.

Because of this difficult situation, I regret that I was unable to spend more time with you, to get to know you better, to sit down with you and talk about your present lives, your hopes and dreams, and your plans for the future. With this page in the yearbook, I finally have a chance to say some of the things that I might have talked about with each of you had there been more time.

In the past three years I have seen you mature. Many things have happened. There have been joys, frustrations, and disappointments. We have had some hassles and hard times. It sometimes seems as if I only saw you when something went wrong or when you were in trouble. Sometimes you saw me angry and distracted — but what I hope for each of you, and what I have been working for these past three years, is what you will leave here able to take responsibility for yourselves. In whatever situation you go into from here — whether it be work, higher education or the service — you will not have a housemaster to be sent to for discipline. What you do will be up to you. Whatever field you choose, I wish you all a very and successful future, I am also sure Mr. Collomb shares these feelings.

## SATIN AND LACE

SATIN AND LACE  
THERE BEFORE MY EYES  
WALKING THROUGH A DREAM  
BEARING NO DISGUISE  
HOLDING OUT MY HAND  
I'VE TOLD MY SHARE OF LIES  
BUT NOW I UNDERSTAND  
PLACES I'VE SEEN  
I'VE SEARCHED A MILLION TIMES  
TO FIND SOMEONE WHO KNOWS  
AND UNDERSTANDS MY MIND  
NO ONE CAN HURT ME NOW  
NO NEED FOR ME TO HIDE  
I'VE MADE IT  
I'VE PLAYED IT  
I'VE SANG MY SONGS TO PLEASE THEM  
I'VE SEEN THEM FALLING FROM THE HIGHEST  
HIGHS

THEY OWNED ME  
BUT THEY, RE LONELY  
THEY ENDED UP WITH NOTHING  
I TOOK MY CHANCES AND I LEARNT TO FLY  
FLY AWAY  
TIME AFTER TIME  
TRIED TO LIVE WITH PAIN  
CLOSED SO MANY DOORS  
BUT WALKED BACK IN AGAIN  
NO ONE TO TURN AND SAY  
NO ONE TO SHOW THE WAY  
AND HELP ME MAKE THE CHANGE  
SATIN AND LACE  
THERE BEFORE MY EYES  
I KNOW ITS NOT A DREAM  
BUT NOW THAT I'VE ARRIVED  
THE TIME HAS COME TO SEE  
THE CHAINS ARE GONE — I'M FREE
